Quality Pre-Owned Vehicles

SUPREME OIL SERVICE

It's important to us that your Pre-Owned vehicle is like new inside and out. Our Certified Pre-Owned vehicles are not only meticulously detailed and inspected, we perform a Wynn's Supreme Oil Service to internally clean the vehicle's engine.

Clean Engine

Clean pan allows new oil to stay clean longer, while providing maximum engine protection

Dirty Engine

Sludge and varnish deposit buildup in the oil pan can lead to expensive problems over time if left unattended

SUPREME OIL SERVICE

CLEAN & READY!

Wynn's Oil System Cleaner is first added to the engine oil prior to the Certified oil change. This step dissolves engine oil deposits that are left over time inside the engine.

Once the Certified oil change is completed, Wynn's Supreme +Plus+ is added to strengthen oil properties to prevent engine wear and enhance engine performance.
